About Us:

I Mr. ARSHAD HASAN proudly introduce our Company SOHAIL INDUSTRIES AND INFRA PROJECT ' Established in the year 1998.

As we introduce ourselves as strong entrants' players in Indian market with our world class technology in the field of Welding-Cutting, Power tools & Consumable industrial products and 24X7 service support. We also manufacture all types of welding machine i.e., Arc welding machine, TIG machine, MIG machine, AC/DC, SAW, Rectifier, Thyristor, Transformer etc.

We have been carrying out our both projects and trading business with utmost efficiency. The endless support from our vendors and our excellent team has backed us in standing up to the expectation of our clients.

We source all our products from reputed vendors and make sure that the products are as per the industry standards.

We represent Indian, Australian, European Company. The quality control measures followed by our organization guarantee that the products are of robust construct, resistant to corrosion, low on maintenance, durable and give optimum performance, with the contribution of our dexterous workforce, we are able to cater a huge array of products to our client. Our reliable and well-knit distribution network enables us to deliver the consignment to the destination on time and without any backlogs. Owing to our client centric approach and quality management system.

We also provide after sales, service training & commissioning of all equipment's by our trained team of Engineers.

We ensure complete authenticity from our end, have been able to meet the demands of our valued clients all across India and Abroad.

OUR STRENGTH:

We have well qualified & trained sales team who understands & caters your needs & requirements & offers solution that meet your requirements.

We are backed by team of professionals, which hold specialization in different domains. These professionals work in coordination with each other in order to avoid confusion at the time of scheduling deliveries. They are aware of techniques to use the machines essentials in Industry.

Further, we have well trained technician team to keep eye on quality controls and service support after sales. They also check the products on various parameters in order to leave no stone unturned.

VISION & MOTO:

1. To focus on renewable energy products and services and enter into the rapidly growing business vertical of Green Power Solutions.
2. To provide suitable solutions to the customers.
3. To greatly support "Make in India" & "The Skilled India" movement.
